

Sailing Tectona Kit List

What will be provided!

- Offshore sailing waterproof jacket and waterproof trousers
- Lifejacket and lifeline

What to bring!

- Sleeping bag and pillow (with a pillowcase)
- Pyjamas
- Plenty of underwear and warm socks
- At least 2 complete changes of clothing - Try to bring clothes that will dry quickly - synthetic fabrics are best. Please don't bring jeans as once they are wet, they stay wet!
- At least 2 warm fleeces / jumpers - Again try to bring fleeces that will dry quickly.
- Lightweight waterproof jacket - For use when going ashore.
- Warm hat and gloves
- A pair of wellington boots and a pair of trainers
- Swimming kit
- Towel and washbag - Please do not bring any aerosols.
- Sun cream, sunglasses and a sun hat
- Spare glasses if needed
- Any medication you require (Including sea sickness tablets) - Please ensure you bring enough to last the duration of the voyage. Please ensure the medication is clearly marked with your name. Full details of any medication required are to be given on the booking form.

Top Tips!

- Sailing may be completely new to you but you shouldn't need to buy any expensive equipment or clothing. Just bring what is on this kit list and you will have all you need to embark on your adventure!
- Pack all of the above into a soft, squashy bag such as a holdall or rucksack - do not bring suitcases with wheels or metal frames as there is nowhere to store them on board.
- If your voyage is marked as a 'Passport Voyage' please bring a valid passport and appropriate travel documentation.
- Please try to refrain from bringing valuables and lots of electronic devices. Please note that there are extremely limited charging facilities on board both our boats.
- The following items are prohibited on Tectona and Olga and will be confiscated if brought on board: energy drinks, alcohol, drugs (except prescription medication) or any kind of weapon.
- Sailing Tectona CIC insurance does not cover damage to or loss of personal effects.
